Sessions

Sessions are part of each academic term. The majority of classes are scheduled in the Standard Session (A002), but some classes have beginning or ending dates which are different than the regular term or have special class times which meet outside of the regular meeting time (such as Saturday class meetings or field trips). These classes will be scheduled in other sessions. These sessions will, in most cases, have different deadline dates. It is important to know the session of each of your courses so that you can determine the

important dates that may affect you such as deadlines for changing sections, the last day you can withdraw without receiving a “WF,” or the last day to receive a full or partial refund.

The session code for every course is printed on your detailed schedule. It begins with a letter, such as “A” for Aiken Campus, or “N” for Aiken Graduate Courses, and is followed by three numbers.
