Graduation with Honors

Graduation with honors will be based on a student's total institutional GPA. Honors designations are determined at the time of graduation and may not be applied retroactively. To graduate with such honors, a student must have earned at least 60 credit hours applicable toward the degree in residence at the University.

The following designations indicate a consistently high level of academic achievement throughout a student's entire academic career:

cum laude: a cumulative collegiate GPA of 3.50-3.74

magna cum laude: a cumulative collegiate GPA of 3.75-3.94

summa cum laude: a cumulative collegiate GPA of 3.95 or higher
