Greetings Fellow Pacer:

Enclosed is a move in packet for you to review. Included in this packet are the following items:

- A notice with the date and time that you have been assigned to move into University Housing
- The Get the Whole College Experience Brochure
- A campus map, with directions to the Bell Parkway entrance, where you will check in on your move in day
- Information on the SAC Café and other dining options on campus
- A detailed listing of What to Bring and What not to Bring to campus
- Information on Move In Day and the Aiken Community

Please take time to review all of this information. We ask that you move in on the date and time that you have been assigned. University Housing has spread out residents from apartments and suites, as part of the COVID-19 mitigation plan, limiting the number of residents who will be moving into them on each day and at each move in time.

If there is an extraordinary situation that would require a change to the move in time, please notify University Housing at housing@usca.edu. Please know that we are diligently working to ensure a smooth move in experience, while mitigating the potential spread of COVID-19.

Below are a few important reminders as you prepare for arriving on campus for move in, more detailed information on move in may be found on the University Housing website by selecting Current Residents and Move In/Move Out Information:

**Which Entrance to UofSC Aiken should be used for Move In**

Move In for all residential students will begin at the Bell Parkway entrance to Leadership Drive. University Housing will begin the check in process there. Please see the enclosed map for more details on where arrive.

**COVID-19 Testing before Move In**

- All residential students must obtain a COVID-19 test as close to return date to campus as possible, however, a test should not be taken more than 10 days prior to the return to campus. Medical documentation of negative test results should be brought with the student to housing move in.
- Students testing positive prior to returning to campus will not be allowed to move into housing until after the minimum 10 day isolation period off campus. Once the student shows no signs of COVID-19 symptoms, including no fever for at least 72 hours without the use of fever-reducing medications, the student will be provided a new date and time to move into University Housing. Students who test positive must notify University Housing at Housing@usca.edu, that they will need to check in at a later date and time.
Housing will coordinate a new date and time to check in and will provide this information to the student via email. Any student who has tested positive should contact his or her advisor to make arrangements to learn remotely through their quarantine period.

- If a student does not undergo a test prior to move in, student will be required to go to the Convocation Center prior to moving into their dorm room to get tested and then maintain a self-quarantine in their dorm room until results are obtained. Self-quarantine protocols will be provided to those residents at the time of move in.
- Please check out the University Housing website for details on where you may find a COVID-19 Testing location.

**Housing Agreement Addendum**

University Housing is issuing an Addendum to the UofSC Aiken Housing Agreement to provide you with greater detail about how these changes may impact your residential experience in the coming year. There may be additional modifications needed as the year progresses and we track the impact of COVID-19 on our residential community and campus. As always, we will endeavor to update you with timely information about specific health and safety guidance important for our residential community.

**Meal Plan Changes**

If you want to make a change to your Meal Plan, you may do so through your Self-Service Carolina until August 9, 2020. Should you wish to make a change to your Meal Plan, please do so prior to August 9, 2020.

**Questions**

We look forward to your return. If you have questions, please e-mail the University Housing and Residence Life office at housing@usca.edu. And do not forget to check out the Move In Information section of the University Housing website for more detailed information.

I am confident that we will have a great fall semester. And although our day-to-day practices have changed some over the past several months, we know that we will all be working together to ensure that we have a fun and safe semester at UofSC Aiken.

Pacer Proud,

Director
