HIGH SCHOOL
STUDENTS

MAYC (Mini Academic Year Camp)

INTRODUCTION TO

ROBLOX STUDIO

BUILD YOUR OWN OBBY

COST:

\$70

for six
90-minute
sessions

DATES:

Mondays &
Wednesdays,

November 2-18

TIME:

3:30-5:00
p.m.

YOU'LL LEARN TO:

• Build with Confidence

• Learn the Roblox Studio interface and essential building tools.

• Organize & Create

• Use Explorer, Properties, models, and folders to manage your projects.

• Customize Your Game

• Add textures, decals, lighting, terrain, sounds, and effects to bring your obby to life.

• Use Assets Responsibly

• Learn how to safely use Roblox Toolbox assets and best practices.

• Publish & Share

• Design, test, and publish your unique obby for others to enjoy!

NOTE:

This introductory course focuses on building and game design and does not include scripting. An intermediate Roblox Studio course covering Lua scripting and gameplay will be offered in the spring.

REQUIREMENTS:

Students must have an active Roblox account before the first class and should know the email address and password associated with their account.

READY TO BUILD?

Create. Play. Share. Repeat.

LEARN. BUILD. CREATE.
