Bachelor of Arts in History

**History, Political Science,
and Philosophy**
University of South Carolina Aiken

1. You should take whatever Math, Stats, or Logic course you are comfortable taking, most history majors take PHIL A110, HSSI 200, and/or MATH A102. If you love math and want to take a more difficult course, go for it, but you do not need to.
2. Look at the list of 300 level history courses being offered and pick the one you are most interested in.
3. Not required, but completing an internship will give you a huge advantage as you apply to law school, graduate school, or for your first job and will help you clarify your career interests.
