COVID-19 Risk Management
RPSEC Summer Camps

The RPSEC provides camp programs for students throughout the summer. The following camps have been postponed to July so that we can implement the various protocols to protect the students and staff.

The following camps are scheduled:
- Camp Invention (Kindergarten - 6th Grade) – July 6-10, 2020 9am-3:30pm
- Young Einsteins (1st and 2nd Grades) – July 20-24, 2020 9am-3:30pm
- Cyber Patriots (6th-8th Grades) – July 20-24, 2020 8:30am-12:30pm

Because of COVID-19, we will adhere to special guidelines:
- Campers will be split into small groups based on the 50% max capacity per classroom
  - Each small group will stay with one counselor all day.
- Only children and staff who are required for daily operations will be allowed inside the building and classrooms.
- If children go outside for activities, we will stagger the schedule so that only small groups of children are outside at one time and/or they will be located in different areas outdoors.
- All camp staff must provide and wear their own Personal Protective Equipment (PPE). Per CDC guidelines, all camp instructors will need to watch the CDC video on how to properly wear and remove gloves and face masks.
  - Face coverings must be worn by Program Team Members and children as feasible, and are most essential in times when physical distancing is difficult.
- Parents will provide PPE for their children.
  - Face coverings will be worn by children as feasible, and are most essential in times when physical distancing is difficult.
  - We will teach and reinforce use of face masks. Face coverings may be challenging for children (especially younger participants) to wear in all-day settings such as camp.
  - Students without proper PPE will either not be admitted or have the opportunity to purchase proper PPE onsite.
- Bathrooms will be limited to 2 persons at a time.
- There will be limited sharing of materials. Materials will be sanitized between groups.
- Signs will be posted in highly visible locations to promote protective measures and describe how to stop the spread of germs (such as washings hands and wearing of face masks)
- Hand sanitizer, disinfectant spray, and wipes will be available for use.
- Daily health screenings will be conducted as campers are being dropped off.
  - The person doing screenings will wear PPE and maintain a six-foot distance while asking questions.
    - Ask each staff member and person dropping off children the following questions before they arrive at the facility. Exclude anyone who answers YES to the following questions:
    - 1. Do you or do any of the children you are dropping off have a fever, cough, shortness of breath, difficulty breathing, other respiratory
symptoms, or at least two of the following symptoms: chills, repeated shaking with chills, muscle pain, headache, sore throat, or new loss of taste or smell?

- 2. Have you or any of the children you are dropping off: • Had any of these symptoms since the last time you were here? • Been in contact with anyone with these symptoms since the last time you were here?

- We will communicate actively to staff and children who are sick or who have recently had close contact with a person with COVID-19 that they must stay home.
  - Staff and children must stay home if they have tested positive for or are showing symptoms of COVID-19.
  - Staff and children who have recently had close contact with a person with COVID-19 must also stay home and monitor their health.
  - If any staff member or camper becomes ill while at camp, they will be sent home as soon as possible. Ill persons will continue to wear a facemask and be placed in a separate isolation room while waiting to go home, overseen by a staff member who is also wearing a mask and staying six feet away. University officials and custodial services will be notified immediately.

- A COVID-19 waiver will need to be read and agreed to prior to participating in the programs.
- Programs, staff, and participants will follow, where appropriate, guidelines from the American Camp Association (www.acacamps.org).

Responsibilities:
- RPSEC Staff will take responsibility for these measures.
- Parents will provide PPE for their children.
- All camp staff must provide and wear their own Personal Protective Equipment (PPE).
- Between programs, RPSEC staff will clean surfaces and materials that were used.
  - RPSEC Staff will provide the method of cleaning used and a list of cleaning agents to campus rep at least one week prior to events.
- After programs are completed for the day, a deep clean will be made by housekeeping personnel of all instructional areas inside of the RPSEC.
