USC Aiken
Handbook for Student Organizations
2020-2021
Student Life and Organizations

Activities at USC Aiken are funded by students from a portion of their fees at the beginning of each semester. An effort is made to program a variety of events to meet the diverse interests of the campus community. The offices of the Vice Chancellor of Student Affairs, Associate Director of Student Life, Assistant Directors of Student Life, the Pacer Union Board, the Student Government Association, the Diversity Peer Educators, and Intramural Sports events and programs are planned and sponsored by these offices as well as by other student organizations.

Student Life provides an opportunity for students to apply and expand upon their classroom experiences. Student activities are an excellent way to develop important skills that will be beneficial to students in their future. Special academic, social, media and community service interests are served by a great variety of clubs and organizations on the USCA campus.

There are over ninety recognized campus organizations pursuing interests in everything from music to skiing to research. These groups sponsor many events for the entire campus as well as small events for their own membership. In many cases, student organization membership is open to anyone.

Each spring and fall, the Student Life Office has the responsibility of recognizing student organizations with the assistance of the Campus Life Committee; many may receive funding for activities, if available, and use various facilities on campus. Existing organizations must be recognized each year by filing out the appropriate forms in the spring the previous academic year. Both old and new organizations must submit a constitution, officer form and registration form before they can be recognized. All forms and additional information can be obtained from the Assistant Director of Student Life for Community Service and Student Organizations (or designee).

If you are interested in any of the student organizations on campus or would like to start a new one, come by the Office of Student Life or call 803-641-3766.

List of Active and Inactive Organizations

The University has a wide variety organizations on campus that cover different interests. A list of active and inactive organizations can be found at https://www.usca.edu/student-affairs/student-organizations. All active organizations with descriptions and meeting locations can be found at usca.presence.io. Guidelines for Student Organizations and Advisors

STUDENT ACTIVITIES CENTER PURPOSE

The Student Activities Center is the community center of the college, for all members of the college family—students, faculty, administration, alumni, and guests. It is not just a building; it is also an organization and a program. Together they represent a well-considered plan for the community life of the college.

As the “living room” or the “heartstone” of the university, the Student Activities Center provides services, conveniences, and amenities for the members of the campus and for getting to know and understand one another through formal association outside the classroom.

The Student Activities Center is part of the educational program of the college. As the center of college community life it serves as a laboratory of citizenship, training students in social responsibility and for leadership in a democratic society.

Through its various boards, committees, and staff, it provides a cultural, social, and recreational program, aiming to make free time activity a cooperative factor with study in education.

In all its processes, it encourages self-directed activity, giving maximum opportunity for self-realization and for growth in individual social competency and group effectiveness. Its goal is the development of persons as well as intellects. The Student Activities Center serves as a unifying force in the life of the college, cultivating enduring regard for loyalty to the college.

The Student Activities Center (SAC) provides students with a place to meet and relax with friends and to participate in many activities and events. It is the focal point of activity for many student services and organizations. Services and facilities available include the conference rooms, the Mezzanine, TV lounge area, the Intramural Gym, the Cafeteria, the Natatorium, a small game room, ping-pong tables, pool tables, bookstore, vending machines, Commuter Lounge and student organization mailboxes. Many areas of the Student Activities Center are available for use by campus organizations, students, faculty, and staff. For additional information or to reserve an area, please call 641-3412. Offices located in the Center for use student needs are: Student Government, Pacer Union Board, Vice Chancellor for Student Affairs, Assistant Directors of Student Life. Other offices include: the Bookstore, Broken Ink & Pacer Times Office, the Cafeteria, Starbucks, and the Student Health Center.

The Student Activities Center is open Monday-Friday, 8:30 a.m. - 10:00 p.m.; Saturday and Sunday, 12:00 p.m. - 10:00 p.m. during the semester.

SPECIAL LEADERSHIP OPPORTUNITIES

Annual Student Life Leadership Retreat

Every August, the Office of Student Life hosts the Annual Leadership Retreat. Each organization is required to send two delegates to the retreat (preferably the President and Treasurer). The retreat is an opportunity for the leadership of student organizations to learn more about university policies and procedures, improve personal leadership skills, and network with other leadership on campus.

Annual Student Life Leadership Awards Banquet

Every year, the Office of Student Life hosts the Annual Leadership Awards Banquet. The banquet, held in April, is an opportunity for each student organization to recognize outstanding leaders within their group. During the banquet, various all-camp leadership awards are given including the Robert E. Alexander Leadership Award, Advisor of the Year, and the Outstanding Student Organization of the Year, among others.

Leadership USCA

This unique leadership certificate program is co-sponsored by the Career Services Office and the Office of Student Life. We believe strongly in preparing our graduates to be ready to transition into the world of work and becoming active citizens in their communities. Through a variety of academic classes, workshops, and learning opportunities, students gain a competitive edge as they enter a complex and competitive society. Apply for the program at http://web.usca.edu/leadership-usca/index.dot.
Chancellor’s Town Hall
The Chancellor’s Town Hall is a representative body of the major organizations on campus. This group meets approximately once a semester with the Chancellor and Vice Chancellors to discuss any student-related University issues. Each organization is sent a schedule of meeting times every semester. Every effort should be made for a representative of each registered student organization to be in attendance.

IMPACT: Community Service Programs
The IMPACT program at USCA encourages students, faculty, staff, and the community to collaborate on meaningful community service projects and promotes responsible citizenship through Life in such projects.

The IMPACT program offers several ways that students can participate in community service activities. For more information, please stop by the Student Life Office or check out the IMPACT website at www.usca.edu/impact.

Student Media Board
The Student Media Board derives its authority from the USC Board of Trustees. In accordance with the Board of Trustees, the Board assures editorial freedom for student editors and managers of student media, protecting them from arbitrary suspension and removal because of student, faculty, staff, administrative or public disapproval of editorial policy or content. The board believes that the widest degree of latitude should be allowed editors and managers for the free discussion of current issues and problems under the First Amendment of the U.S. Constitution.

Pacer Union Board
Pacer Union Board (PUB) is a student organization designed to facilitate, plan, and execute co-curricular activities on the USCA campus. The purpose of the Board is to provide cultural, educational, recreational and social programs for USCA students and their guests. PUB is an active member of the National Association for Campus Activities (NACA). Participation in this organization enables PUB to provide the finest programs available to the college market. All Pacer Union Board events are supported by student activity fees. The Pacer Union Board invites students to get involved and welcomes comments and suggestions. For more information, contact the Office of Student Life.

Pacesetter Program (Orientation Leaders)
Pacesetters are a group of current students who help with new student orientation. Their primary objective is to ease a new student’s transition from high school, a job, or family to college.

Peer Educator Program
In order to promote the best environment for the success of USCA students, the Peer Educator Program was created to provide positive and proactive programs to meet some of the challenges facing students in our campus community. Four to six paraprofessionals have been trained to assist with the development of students, both academically and socially, through the creation of programs and workshops. According to published studies, one of the most effective ways to reach and retain students is through peer education. There are many instances in which a student would not seek appropriate assistance from University “officials” but would seek that assistance from a peer. Peer Educators are available to provide on-site consultation, present on a variety of academic and social issues, and serve as a resource for student organizations, classes, athletic teams, and other groups on campus. For more information, contact the Counseling Center.

Student Government Association
Student Government can provide a valuable learning experience for any interested student. It gives the individual student the opportunity to participate in the decision-making process at USCA. Through Student Government, students can acquire skills in the governmental process and have influence over the policies and procedures of the university. Each student who attends the University is encouraged to read their Student Government Constitution and to run for the various offices. Since the Student Government Association is no more effective than the enthusiasm and dedication of the students who participate in it, individual Life is very important. Student Government is the collective voice of the students and an excellent opportunity for students to make a difference.

The Student Government governing body is comprised of the following divisions:
1) The Executive Branch
   a) President
   b) Vice President
   c) Secretary
   d) Treasurer
2) The Legislative Branch
   One seat from each of the three colleges and two schools, five seats elected at-large, and six appointed seats for a total of 16 seats
3) New Student Advisory Council
   Three new students selected through an interview process at the beginning of fall semester.

Relationship of Student Organizations to the University

The relationship of the University of South Carolina Aiken to organizations formed by its students has two components. One basis of the relationship is the educational component. The University of South Carolina Aiken has stated in its purpose that it will provide students with an opportunity to discover learning processes which enable them to grow personally and socially.* The University has accepted this responsibility.

The second component is based on a contractual relationship. The basic elements of a contract are evident in the registration process of student organizations. This is demonstrated as follows: 1) an offer exists and specific criteria are required of all organizations wanting to exist on campus indicating this opportunity is available; 2) an organization which submits the material to satisfy the criteria, in essence, accepted the offer; and 3) the institution will, in turn, provide the student organization with access to privileges afforded only to registered organizations. The contractual part of the University’s relationship serves to clarify responsibilities and benefits. This relationship also sets up a system that is clearly defined to insure registration be applied in a nondiscriminatory manner and as a reference for standards of evaluation in any disciplinary situations that may exist.

Relationship Statement

The University of South Carolina Aiken recognizes both the right to exist and the mutual benefit of existence of co-curricular activities. The University, in the registration process set forth, seeks the freedom of existence of student organizations and insures that designated privileges and support are available equally to all organizations that uphold the registration requirements. The University does not, however, automatically endorse the mission, goals or purpose of any organization unless it specifically chooses to do so. The University may choose to officially register a student organization indicating that the particular organization is a part of the educational program of the University.

• Supervise the financial procedures of the organization in handling its funds.
• Help increase awareness of both students and staff of the University facilities, events and personnel.

Different Approaches to Advising

• Point out issues relating to ideas presented by the officer without imposing bias.
• If an idea is inappropriate, the advisor should encourage students to consider other alternatives.
• Informal meetings are conducive to open and worthwhile discussion.
• If the advisor asks 'What should we do?' or 'What do you think?' the questions should be rephrased and handed back to the student. The advisor is there to assist the officer, but not to solve the problem for the student.
• The officers should be encouraged to take an occasional chance on some less proven member in delegating authority.
• The advisor may wish to periodically evaluate the student in his/her effectiveness as an officer.
• The advisor may feel comfortable participating in group discussions when the members have learned to recognize and accept the advisor's role as a co-worker whose opinions are respected for their value. This participation should not inhibit the prerogatives of anyone else.

Annual Reservation Procedures

All USC Aiken and the SAC are recorded on a master calendar maintained in 25 Live. The 25 Live administrators will accept requests for facilities usage on a ‘first come’ basis. The Office of Student Life, in conjunction with the Conference Center and Special Events Office, reserves the right to assign facilities on the basis of the most efficient utilization of space. Adjustments will be made if certain situations require changes in the facilities reserved by a group. Events that are of the same nature (e.g. fundraising) will not be scheduled at the same time to ensure that organizations are able to have adequate access to the campus. If conflicts do arise the 25 Live administrators will work with the groups on new times, date or space.

Note: For additional information regarding facility usage at the University of South Carolina Aiken, contact the Office of Conferences and Continuing Education located in the Business and Education Building, Room 1118/481-631 ext. 3807. The 25 Live administrators will work to ensure that student organizations do not have events during the same time. Because we believe that parents can assist us in educating and empowering students to make responsible decisions regarding alcohol, we typically exercise our right to notify parents in the following situations:

- Drug violations

The University also reserves the right to notify parents for first alcohol violations if deemed appropriate.

Additonal Guidelines for Student Organizations

A. Student organizations hosting an event must adhere to the General Guidelines in this policy as well as all federal, state and local laws and ordinances. PROCEDURES FOR THE USE OF ALCOHOL ON CAMPUS OR DURING UNIVERSITY SPONSORED EVENTS

These procedures describe the process that will be used by the University to review requests for allowing alcoholic beverages to be available during events that are either held on University property or are sponsored by an entity of the University. Events include gatherings that are:

- sponsored by the University or an approved University organization to take place on campus primarily for students;
- held off campus primarily for students.

In general, this policy recognizes two different types of entities that may host an event. The types of entities that may host an event are categorized as follows:

- Student Organization Sponsored Events: These events would include those sponsored by an approved student organization or any other approved group or organization of students.
- University Departmental Sponsored Events: These events would be hosted by an office, a school/college or a department.

Approval Process

All sponsors of events must complete and submit the appropriate approval forms to the Office of Student Life. If the event is held on campus, an adviser must reserve facility space in 25 Live as well as be present at the event. If any alcohol will be available at a student sponsored event, there shall be a conclusive presumption that underage students will be in attendance.

The appropriate approval forms which are found in the Student Life Office shall be required for every event where alcohol will be served. The appropriate approval forms which are found in the Student Life Office shall address the following issues with the specificity needed to adequately address the perceived risk:

- the location of the event;
- the start and end time of the event;
- the sponsor of the event;
- how the organization will prevent underage persons from having access to alcohol;
- the type of alcohol that will be available at the event;
- the type of non-alcoholic beverages that will be available at the event;
- what food that will be served;
- the number of officers requested from University Police or, if the event is to be held off campus, a description of the security available;
- the estimated number of total guests to attend the event; and,
- the primary purpose of the event.

When determining the risk of alcohol abuse associated with an event, the Alcohol Event Review Committee will at least consider the following factors:

- the history of the event and the conduct of participants during the event;
- the number of undergraduate students or other underage persons who are expected to be in attendance as guests;
- the number of underage persons who will have access to the event by, for example, working as servers or volunteers; and,
- the publicity surrounding the event and/or the public perception of the event.

In addition, student organizations must complete the USC Aiken’s Social Event Agreement through the Office of Student Life.

Standards

The considerations and standards used by the Alcohol Event Review Committee to review an application for an event shall include the following:

The University will not approve an event if, in the exercise of its sole discretion, it has determined that holding the event will present an unreasonable risk to the health or safety of the University community and/or to the property of the University, or that the event will be conducted in a way that would portray the University or the members of the University community in a false light or otherwise subject it or them to public ridicule or disgrace.

On Campus Alcohol Service Providers

ARAMARK, the official food service provider for the USC Aiken, must be used as the on campus alcohol service provider unless the Director of Food Service, in conjunction with the Assistant Director of Student Life (or designee), grants special permission for another licensed provider.

If an event is held on campus but not at the Etheredge Center or USC Convocation Center, the sponsoring organization must obtain a temporary liquor license through the State of South Carolina. Cost of the license is approximately $50 per event but is subject to change according to State of South Carolina policies. If a temporary license is needed, once the event is approved by the Alcohol Event Review Committee, sponsoring organizations will have 5 days to apply for a temporary license through the Office of Student Life.

Off Campus Alcohol Service Providers

If the event is held off campus, the vendor must: (Documentation of these items must be provided with the Third Party Vendor Agreement Form).

1. Be properly licensed by the appropriate local and state authority. This might involve both a liquor license and a temporary license to sell on the premises where the function is to be held.
2. Be properly insured, evidenced by a property completed certificate of insurance prepared by the insurance provider.

The Sponsoring Organization and the Vendor Agree to the Following:

1. All areas relating to serving, ticketing, distribution, and control of alcohol must be handled by the vendor and only the vendor for the entire duration of the function.
2. All the responsibilities that any other purveyor of alcoholic beverages would assume in the normal course of business.
are to be handled by the vendor, including but not limited to:

a. Checking identification cards upon entry
b. Not serving minors
c. Not serving individuals who appear to be intoxicated
d. Maintaining absolute control of all alcoholic containers present
e. Collecting all remaining alcohol at the end of the function (no excess alcohol – opened or unopened – is to be given, sold, or furnished to the organization or its members)
f. Removing all alcohol from the premises

The following two sections apply only to student organizations.

Advertising of Student Organization Sponsored Events Where Alcoholic Beverages Will Be Consumed.

Advertising of student organization-sponsored events where alcoholic beverages will be consumed must be consistent with the educational philosophy of the University of South Carolina Aiken and follow these conditions:

(a) Advertisement for any event where alcoholic beverages are being served must note the availability of non-alcoholic beverages and food as prominently as the alcoholic beverages.

(b) The message conveyed in the event promotion must not encourage the use of alcohol.

(c) Publicity must not convey that consumption of alcohol is the purpose or reason for the event.

(d) Promotion must not refer to the amount/quantity of alcohol to be present.

(e) Advertisements for events must not portray drinking as a solution to personal or academic problems or as necessary for social, sexual, or academic success.

(f) Alcoholic beverages must not be provided as awards, door prizes, or giveaways to individuals or campus organizations.

Sanctions

Individual students or student organizations who violate USC Aiken policies are subject to civil, criminal and University proceedings and sanctions. The University campus is not a sanctuary that relieves students of their responsibilities as citizens to abide by local, state and federal laws, and University regulations, policies, and procedures. Violations of this Campus Alcohol Policy will be referred to appropriate University agencies. Students and student organizations may be subject to sanctions by more than one appropriate agency. Sanctions for the violation of University policies are based on the severity and frequency of violation. Sanctions may include, but are not limited to: referral to on or off-campus alcohol assessment and/or counseling, alcohol education, community service, disciplinary probation, suspension of individual students, suspension from use of University facilities for a designated period of time, and suspension of student organization status.

Related issues

A. Students or student organizations suspected of violating federal, state or local laws may be subject to University judicial proceedings. Disciplinary action may be imposed by the University under the USC Aiken Code of Conduct, whether or not a civil or criminal conviction is made.

B. Students, faculty, staff, or student organizations who serve or sell alcohol to students at off-campus events assume liability for abiding by the law and assuming appropriate behavior. In such instances, USC Aiken assumes no responsibility or liability.

C. USC Aiken Student Activities funds may not be used to purchase alcohol for any on or off-campus event.

D. Students who are apprehended and charged by law enforcement agencies with alcohol-related criminal conduct off campus during a sanctioned event are required to inform the Vice Chancellor for Student Affairs.

POLICY ON THE USE OF DRUGS BY STUDENTS

The University of South Carolina Aiken recognizes that drug abuse is one of the major problems confronting our society. Within the University community, services are available to reduce the problems associated with drug abuse. Students with drug problems may seek confidential counseling and advice through the USC Aiken Counseling Center and the USC Aiken Student Health Center. A list of additional resources can be found in the USC Aiken Student Handbook. Although the University recognizes the need for providing remedial services, it does not intend to shelter persons who violate state or federal drug or narcotics laws. University officials will assist and cooperate with law enforcement personnel as they perform their duties in controlling drug abuse. Students charged with violating state and federal laws are subject to further disciplinary action by the University.

I. Statement of Policy

The possession, use, manufacture, sale or distribution of any counterfeit, illegal, or controlled drug without a prescription or the possession of drug paraphernalia, such as pipes, bongs, or items modified or adapted so that they can be used to consume drugs are not permitted on University premises or at any University-sponsored event.

Specific prohibited actions include:

1. The unlawful manufacture, distribution, dispensation, possession, or use of

   - illegal drugs or controlled substances*
   - the possession or sale of drug paraphernalia (such as roach clips, bongs, water pipes, cocaine spoons, etc.)
   - distribution or delivery of an imitation ("look alike"), non-controlled substance which is represented as a controlled substance

* The term "controlled substances" refers to those drugs and substances whose possession, sale or delivery results in criminal sanctions under South Carolina Law.

II. Sanctions

1. Legal

   As citizens, students have the responsibility for knowing and complying with the provisions of state and federal law related to drugs. A student who violates any of these laws is subject to prosecution and punishment through the legal system. In formation on federal and state drug laws and penalties is provided in the USC Aiken Student Handbook. Students who are apprehended and charged by law enforcement agencies with drug-related criminal conduct, off campus are required to inform the Director of Housing and Judicial Affairs.

2. University Disciplinary

   In addition to any federal and state charges, a student is subject to disciplinary action through the University judicial process. This process may precede criminal or civil proceedings. It is not "double jeopardy" for both the civil authorities and the University to proceed against and sanction a person for the same specified conduct.

   a. The University considers any violation of the drug policy to be a serious offense. The University will respond to all reported violations of this policy in accordance with disciplinary procedures included in the Student Handbook.

   b. Although violations will be handled on a case by case basis, any violation that is deemed to be a threat to the safety and health of the campus community will result in summary suspension prior to a formal hearing. Sanctions that may be imposed by the University include, but are not limited to, the following:

      • Suspension
      • Summary Suspension
      • Suspension Held in Abeyance with Conditions
      • Expulsion
      • Counseling
      • Educational Programs
      • Conditions and Restrictions

3. University Housing

   A student who is suspected of violating the drug policy while living in on-campus housing will be subject to immediate removal from housing as a response to violating the terms of the housing contract.

III. Eligibility for Federal and State Financial Assistance

Students found in violation of the drug policy jeopardize their ability to receive federal and state financial assistance for which they might otherwise be eligible.

IV. Parental Notification Policy

In 1998, changes in the law that governs the privacy of student records, the Family Educational Rights and Privacy Act (FERPA), permitted colleges and universities to inform the parents/guardians of students under the age of 21 when they determined the student violated University alcohol and drug policies. At the University of South Carolina Aiken, we believe such notification can help us in educating our students. While we constantly strive to educate and empower students to make more responsible decisions about drug and alcohol usage, we know that the support of parents in this process is critical. The University of South Carolina Aiken typically exercises its right to notify parents of students under 21 in the following situations:

   • Cases involving drug violations
   • Repeated or serious alcohol violations

The university also reserves the right to notify parents for first alcohol violations if deemed appropriate.

IV. Future Revisions

The University of South Carolina Aiken reserves the right to update this policy. Students are responsible for being aware of changes as they are disseminated to the campus community.

Good Samaritan / Medical Amnesty Policy

1.0 SUMMARY OF POLICY
This Policy provides that any student who is in need of medical care during an alcohol related emergency (as defined in Section 3.2), and who receives or actively seeks out such care in a timely fashion, may do so without fear of being subjected to Student Disciplinary action.

2.0 PURPOSE

Unfortunately, when alcohol related emergencies arise many students hesitate to contact law enforcement officials or healthcare professionals out of fear that disciplinary consequences may follow. The Good Samaritan/Medical Amnesty Policy will grant conditional amnesty from Student Disciplinary action for those students in need of medical attention, as well as those students who call for assistance to aid another student, because of alcohol abuse.

The purpose of the Good Samaritan/Medical Amnesty Policy is to encourage student to seek assistance when that student is in need of medical attention or when that student knows of another student in need of medical care due to alcohol abuse or alcohol poisoning (an Alcohol Related Medical Emergency). Those who receive medical attention for their abuse of alcohol will also receive education concerning their own habits so that they may make healthy decisions in the future.

3.0 DEFINITIONS

3.1 Conditional Amnesty – Students who report an Alcohol Related Medical Emergency in accordance with this Policy will not be subjected to formal student disciplinary action. As a condition for this courtesy, however, the student or students involved will be required to undertake a series of affirmative measures to redress any damages they may have caused and to receive one or more interventions to assist them correct unacceptable behavior.

Conditional amnesty granted under this policy does not negate the laws and ordinances enforced by local, state, and federal law enforcement authorities. Nor will it excuse violations of other University policies. If any policy or law violation beyond alcohol abuse and possession are committed, conditional amnesty will not apply. Such other violations may include, but are not limited to, threats of harm to self/others, hazing, property damage, sexual harassment/abuse, illegal use of other drugs, and assault.

• Include alcohol violations
• Does not waive the parental notification

Students who have been charged with such other violations in direct relation to the incident in which they pursue amnesty will not qualify for amnesty. Moreover, any organization providing alcohol to students during an event or gathering at which multiple students become ill will not qualify for amnesty.

This Policy will only apply in cases under the jurisdiction of University Housing, the Office of the Vice Chancellor of Student Life and Services and/or the University Police.

3.2 Alcohol-Related Medical Emergency – Alcohol-Related Medical Emergencies include an alcohol overdose and alcohol poisoning that warrants immediate medical attention to protect the health of the student or others. Signs of alcohol overdose and poisoning may include one or more of the following:

a) Unresponsiveness to shouting and vigorous shaking;

b) Skin that is pale, clammy, bluish, or cold;

c) Depressed respiration, lapses in breathing;

d) Mental confusion, stupor, or coma;

e) Seizures, convulsions, or rigid spasms; or

f) Vomiting while asleep or unconscious coupled with failure to wake.

3.3 Medical Attention – In order for a student to qualify for conditional amnesty, he/she must receive or actively seek out medical attention. This may include a range of efforts evidencing an unequivocal intention to receive medical help such as a voluntary examination by University of South Carolina Aiken First Responders/EMS, contacting local EMS, or seeking transportation or to visiting a hospital for more intensive care. It also includes asking for the assistance of Student Health Services. A student will qualify for conditional amnesty only if the student makes no effort to resist the help of the College, local emergency staff, or healthcare clinicians. Medical intervention must be sought at the time of the observed conditions that give rise to a reasonable suspicion of alcohol abuse.

3.4 Helper – A helper is any student or student organization who seeks help for a student suffering from an alcohol overdose or poisoning. Although helpers are appreciated and encouraged to take action if they see a student in need, their amnesty is also conditional. Helpers that are found to have committed other violations of law or University policies such as hazing (see Section 3.1) above) will be held accountable for their actions. They will not be eligible for amnesty and will received disciplinary sanctioning as a result of their infractions.

• Also, includes providing alcohol to minors

4.0 PROCEDURES

4.1 Assignment of a Conduct Officer – In the event that an Alcohol-Related Medical Emergency should arise, the Office of Student Life and Services (the “Office”) will be notified. Thereafter, the Office will assign a Conduct Officer to the party involved. The Conduct Officer may be a Residence Life and Housing Official or a Student Life and Services official. Each student will be sent a written notice that he/she must meet with the assigned Conduct Officer for an interview.

4.2 Decision – The assigned Conduct Officer(s) will make the decision of whether or not each concerned student qualifies for conditional amnesty under this Policy after giving full consideration to the circumstances of the case.

4.3 Assignment of Amnesty Conditions – Should the student(s) qualify for conditional amnesty, the Conduct Officer(s) will evaluate the case and surrounding circumstances in order to assign appropriate conditions as alternatives to judicial sanctioning. These conditions will be educational or therapeutic in nature, designed to benefit the student and improve his/her future decision-making. These conditions will most likely include mandatory sessions with a professional in the Counseling Center. All service fees for assigned substance abuse counseling will be waived if the student qualifies for conditional amnesty.

4.4 Failure to Complete Conditions – If the student fails to agree to the amnesty conditions, or fails to satisfactorily complete the assigned conditions deemed necessary by his/her Conduct Officer, conditional amnesty will not be given, and any amnesty previously granted will be revoked. Student disciplinary charges will be filed. Thereafter, the case will be turned over to the Assistant Vice Chancellor of Student Life or designee where it will be subject to conduct processes. This will most likely result in the creation of a formal disciplinary record of the incident in question and, if culpability is found, may require the imposition of disciplinary sanctions.

4.5 Documentation and Record Keeping – If a student qualifies for conditional amnesty, documentation or evaluation of the case will not be placed in any disciplinary record. A record, however, will exist in the Judicial Affairs database that the incident transpired, but this record is not normally reportable to outside employers, agencies or other higher education institutions without the permission of the student. However, some background checks for local, state and/or federal employment may require full disclosure and release of student records, in which case, the record of the incident may be reported. In addition, the University may be served with a subpoena or other legal process that requires that the University produce the record. In such cases, the University will comply with all applicable provisions of law. In addition to the foregoing, the record will exist in the Judicial Affairs database to track the student’s behavior should there be another incident of a similar nature.

4.6 Amnesty for Multiple Alcohol-Related Medical Emergencies (a) For those needing assistance – This policy is intended for one-time use only by any individual student. It is intended to serve as a wake-up call and a way for students to improve their decision-making skills as well as to learn healthy habits of living. Amnesty under this Policy is granted as a matter of education and not of right. It should be viewed as an opportunity and is not to be abused by those who break rules of conduct on repeated occasions. Accordingly, any student needing medical attention for an Alcohol Related Emergency on more than one occasion may not receive amnesty even if all other terms and conditions of this Policy are met. The granting of any form of amnesty remains a matter of discretion with the Assistant Vice Chancellor of Student Life or designee.

(b) For helpers – Helpers, or those who seek help for the endangered student, are not limited to only one use of the Good Samaritan/Medical Amnesty Policy. It is expected that members of the University of South Carolina Aiken community will always make an effort to help a fellow student that is in need even if they have been using alcohol themselves. Notwithstanding the foregoing, if a Conduct Officer has reasonable suspicions that the Good Samaritan/Medical Amnesty Policy is being abused in any way, he/she may hold in abeyance the amnesty to a helper until an investigation of the incident is completed.

CATERING POLICY

Student organizations must use ARAMARK, the university’s catering company unless special permission is granted by the Associate Director of Student Life (or designee). ARAMARK does provide student organizations with a special catering guide and organizations should consult with Dining Services.

It shall not constitute a defense to the charge of hazing that the participants took part voluntarily, that they voluntarily assumed the risks or hardship of the activity, or that no injury in fact was suffered.

For information on the South Carolina Hazing Law, the USCA Hazing Policy, or to initiate a complaint for alleged hazing, contact the Associate Vice Chancellor for Student Life and Services.

NON-ACADEMIC CODE OF CONDUCT

I. Introduction

1. The discipline system extends and applies the general principles of the Statement of Student Rights and Freedoms within the academic community to specific actions and responsibilities of students and student organizations at the University of South Carolina Aiken. It accepts the proposition that “academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society, and that free inquiry and free expression are indispensable to the attainment of these goals.”

2. As such the University strives to maintain an educational community which fosters the development of students who are ethically sensitive and responsible persons.

3. The University of South Carolina Aiken strives to protect this educational community and to maintain social discipline among its students. Consistent with its purposes, reasonable efforts will be made to foster the personal and social development of those students who are held accountable for violations of University social regulations.

4. The purpose of this document is to set forth the specific authority and responsibility of the university in maintaining social discipline, the educational process of determining student and student organization accountability for violating the regulations, and the proper procedural safeguards to be followed in this process to insure fundamental fairness and protect the students and student organizations from unfair imposition of serious penalties and sanctions.

II. Application of Laws and Regulations

1. Students should be aware that educational institutions are not sanctuaries beyond the reach of the criminal laws of the communities and states where in such institutions exist. While the rules and regulations of the University of South Carolina Aiken are not meant to duplicate general laws, there are some aspects in which the lawful interest of the institution as an academic community coincide with the broader public interests treated in general laws. Students who commit offenses against the laws of municipalities, states, or the United States, are subject to prosecution by those authorities and may be subject to disciplinary action under university rules when their conduct violates institutional standards.

2. Students, no less than other citizens, are entitled to be secure in their persons, papers, and effects against unreasonable searches and seizures. Searches and seizures by law enforcement personnel incident to investigations or arrests are conducted only under proper warrant. This does not prohibit normal inspections of facilities for maintenance, health, or safety purposes. NOTE: University Housing policies also allow for the entrance and inspection of student housing units if there is reason to believe that a violation of law or University policy exists, or for life safety and/or emergency circumstances.

38
Students enjoy the same freedoms of speech and peaceable assembly as all citizens, but they are under certain legal obligations in the exercise of these freedoms by virtue of their membership in the University community. Expression may be subjected to reasonable regulations of time, place, number of persons, and form under established regulations. Expression in the form of action that materially interferes with the normal activities of the institution or invades the rights of others is prohibited. The University is pledged to protect lawful exercise of the rights of free speech and assembly and will invoke appropriate legal and disciplinary sanctions when necessary in the pursuit of this goal.

3. Students who are apprehended and charged by law enforcement agencies with felony criminal conduct on or off campus are required to inform the Non-Academic Judicial Officer.

4. The standard of proof required in University judicial processes differs from that required in criminal judicial processes. In University judicial processes, the standard of proof required to find person responsible for violation is that of the preponderance of the evidence. That is, if the evidence provided indicates that “more likely than not” the violation occurred, the student will be held accountable for that violation.

III. Authority and Responsibility

1. Responsibility for good conduct rests with students as individuals. All members of the University community are to use reasonable judgment in their daily campus life and to show due concern for the welfare and rights of others.

2. The Board of Trustees is the governing body of the University and the powers of the President, the Chancellor, and the faculty are delegated by the Board in accordance with policies. The faculty, subject to review by the Chancellor, the President, and the Board of Trustees, has legislative powers in all matters pertaining to the discipline of students and student organizations.

3. The Vice Chancellor for Student Affairs is responsible for the judicial system that adjudicates violations of the Non-Academic Code of Conduct. The Vice Chancellor delegates responsibility for the day-to-day operation of the Non-Academic Code of Conduct to the Associate Director of Student Life, who serves as the Non-Academic Judicial Officer. The Non-Academic Judicial Officer has designees, referred to as Hearing Officers, for specific cases. These Hearing Officers include, but are not limited to, the Assistant Directors of Student Life, graduate assistants, and Assistant Directors of University Housing.

4. Student Government, as an elected and representative voice of the student body, has the right to comment on any proposed changes pertaining to the discipline of students.

5. The Campus Life Committee has the right to propose changes to the Non-Academic Code of Conduct, when appropriate. A report will be submitted to the Campus Life Committee in the Fall of each year detailing, without student names, the following: the behaviors which led to disciplinary action; the type of hearing; the decision of the hearing authority, including any sanctions; and general demographic data and student status for the student(s) charged.

IV. General Student Conduct Regulations

1. This section establishes the rules and regulations all students of the University of South Carolina Aiken are expected to follow under the duty and corollary powers inherent in educational institutions to protect their educational purposes through the setting of standards of student conduct and scholarship and through the regulation of the use of University facilities.

2. Students have a right to expect enforcement of these rules and regulations. The University also has the right to expect students to abide by them as befits the responsibilities of students as members of the University community.    b. Major Violations may include, but are not limited to, sexual assault, use or sale of drugs, arson, and theft. Repeated minor violations may also be classified as “major violation.”
   c. Major Violations are adjudicated via Formal Administrative or University Judicial Board Hearings or Administrative or University Judicial Board Sanctioning Meetings, depending on the circumstances. See Chart B.

2. Minor Violations
   a. Minor Violations are less serious or first time violations of the Non-Academic Code of Conduct. Determination of “Minor Violation” status is made by the Non-Academic Judicial Officer or appropriate Hearing Officer.
   b. Minor Violations may include, but are not limited to, violations of the tobacco/smoking policy, minor alcohol violations and general conduct violations.
   c. Minor Violations may be adjudicated via Informal Administrative, Formal Administrative or University Judicial Board Hearings or Administrative Sanctioning Meetings, depending on the circumstances. See Chart B.
   d. Minor Violations that occur within Housing, Greek Life, Intramurals, or Student Organizations may be adjudicated by the appropriate hearing officer, as referred to under the definition of “Hearing Officer.”

B. Reporting of Violations
   1. Any member of the University community may initiate non-academic disciplinary proceedings concerning an alleged violation of the Non-Academic Student Code of Conduct.
   2. The complaint must be made in writing and submitted to the Non-Academic Judicial Officer or the appropriate Hearing Officer.

C. Determination of Charges
1. Upon receiving a complaint of misconduct, or upon his or her own initiative, the Non-Academic Judicial Officer or Hearing Officer will review relevant facts and consult with relevant parties through investigative meetings regarding the incident in question, including the student who is believed to be directly involved.

2. If the evidence warrants disciplinary action, written notification (according to the definition of written notice) will be sent to the accused student indicating the nature of the activity in question and the specific charge being made against him/her.

3. The Non-Academic Judicial Officer or Hearing Officer may at any time during the disciplinary proceedings make additional charges or withdraw charges against a student. In either case, the Officer will send written notification (according to the definition of written notice) to the student.

D. Procedures

1. After investigating relevant facts and meeting with relevant parties, including the student involved, the Non-Academic Judicial Officer may opt to file charges of the Non-Academic Code of Conduct. The student will be sent a letter as specified under the definition of delivery of written notice indicating the charges that have been filed.

NOTE: If the student fails to meet with the Non-Academic Judicial Officer or Hearing Officer during the investigation, hold may be placed on the student’s registration preventing him/her from registering for future classes until the matter is resolved. Additionally, the student may be charged with a violation of the failure to comply provision of the Non-Academic Student Code of Conduct (Section M. D. 14).

2. If, in the course of the investigation, the student accepts responsibility for the violation, charges will be filed immediately and the case will proceed as outlined below:
   a. When a student accepts responsibility for a Minor Violation, an Administrative Sanctioning Meeting will be held.
   b. When a student accepts responsibility for a Major Violation, he or she will:

   a. Meet with a Judicial Procedures Advisor to review the options.
   b. Choose one of the following options to resolve the charges:

      ii. Plead "not responsible" to the charge(s) and request an Informal Administrative Hearing before the Non-Academic Judicial Officer or Hearing Officer. The Non-Academic Judicial Officer or Hearing Officer may contact other parties who have knowledge/information regarding the incident in question. The charged student waives the right to question such parties or otherwise participate in the hearing.

NOTE: The Non-Academic Judicial Officer or Hearing Officer may decline to hear the case because of conflict of interest or severity of the case and require either a Formal Administrative or University Judicial Board Hearing be held, where a determination of responsible or not responsible will be made.

   i. Plead "not responsible" to the charge(s) and request a Formal Administrative Hearing before the Non-Academic Judicial Officer or Hearing Officer. If found responsible by the Non-Academic Judicial Officer or Hearing Officer, an appropriate sanction will be determined by the officer. Formal hearing allows the charged party to respond to charges, present witnesses and present questions for the witnesses to answer.

NOTE: If at any time during the proceedings a student admits responsibility for the violation, the procedures outlined in Section D.2 will take effect.

   If an accused student fails to respond to the charge(s) and/or fails to respond to the Non-Academic Judicial Officer’s request for an investigative meeting to discuss the alleged violations, he or she forfeits the above options and will be sent a letter as specified under the definition of delivery of written notice at least ten (10) days before the upcoming University Judicial Board hearing.
